Let's Go, Let's Go, Let's Go!

Cindy Jacisin

Wow - President of the Porsche Club of America - Chicago Region ... as it celebrates its 55th Year! How did that happen?

Well, like most things in my life, for right or wrong, I blame my brother Jim. In 1991, he traded in his last Corvette and purchased a 944. He and his wife Patty went to an event called Potter's Picnic and brought our parents and me as guests.

I remember it being a great event and a few other things ... It seemed to be the hottest day of the year, huge tubs were filled with 8 oz BOTTLES of soda in about 30 flavors, and it was "suggested" we stay through the trophy presentation. That "suggestion" came from a man named Patrick Yanahan, who I always introduce as my first friend in the Club. About an hour and 4 sodas later, Jim was awarded the 1st Place Novice Concours trophy...and so it began.

He became very involved in the Club so I tagged along and worked the concours, an occasional autocross and rallye, and attended socials, Road America, even the board meetings. See, back then, the VFW Hall, where the board meetings are held, had a fish fry on Fridays and spouses (and a sister) would attend the meetings. Board meetings were a social of their own.

In 1999, I bought my 1992 black 968 cab, joined the Club and got really busy. Most significantly - at our PCA golf outing in 2005, I met my future husband, Bob Rath. He chaired Autocross back then. I'm still not very good at Autocross. If only I knew someone who could teach me the line. I know - Bob says husbands don't teach their wives how to drive. Moving on!

So after many years, countless events and many great friendships, it's a little about the cars but a lot about the people. Well - enough about me...

Huge thanks to President John Ruther. You have participated in the leadership

of this club for many years, specifically as President for the last two years and as Chief Driving Instructor since 1994. Thank you for making the transition so easy, and for promising to always answer the phone when I have a question. As I mentioned at the dinner dance, you are the 35th person to serve as region president so it is a small brotherhood who can understand and appreciate the responsibilities you shouldered. The past presidents are honored to welcome you as the 35th Past President. Enjoy your new job - you've earned it. Hey - if your new GT3 RS has a passenger seat, maybe you can teach me the line!

Please make note of this year's Board of Directors and Coordinators. Many thanks to Todd Conforti as our 2011 Secretary and Brian Beierwaltes and Susan Shire as 2010-2011 Directors. Thank you to Mary Anne Nowakowski for serving as our Road America DE Registrar since 2003 and to Charles Navarro and Tammy Hellings as our 2011 Charity Coordinators. You will all be missed but I'm relieved you will continue in your other Club duties. Welcome to Kori Kwak as a new Director, Jim Ptak as Sponsorship/ Dealer Liaison Chair and James Jacisin as Chief Concours Judge.

Thank you to Sharon Ptak for hosting the 2011 dinner dance. She chose Hotel 71 in downtown Chicago, basically at the corner of Wacker Dr and Michigan Ave. The venue was wonderful and the views overlooking the Chicago River and the city were spectacular. Your year of hard work was evident. Well done! On a personal note, thank you to all who contributed to the 8th Annual Toys for Tots Drive. The two Marines were very touched by your warm welcome and your continued generous support.

Another huge thank you to Susan Shire for producing the Scene. The Club has had a monthly Scene delivered each month for decades. To bring everyone "up to speed", The Scene will be published every other month and will highlight our recently held events, event standings, member articles, etc. It was a tough decision for the Board and one that has been discussed for several years. Chicago is the only region in Zone 13 that currently publishes anything and we owe our thanks to Susan for continuing the Chicago Region's tradition for all these years. However, as the world has evolved into the electronic format, the board feels the best way for us to keep our membership "in the know" is to evolve our communication. Thank you for your understanding and, we trust, your support.

The 2012 calendar will continue as part of the 'printed' Scene but the most up-to-date version will always be on the website so PLEASE log on and download it via Google or the good 'ole fashion way of pen and paper. We have 45 events on the calendar already with a few more to come ... so please log onto the website every so often to see what is new.

Parade Registration opens March 13th.

Friday, March 16, is a Mix n' Mingle at Cooper's Hawk Winery in Arlington Heights. No need to sign-up - just show up for a glass of wine, or dinner, or just to catch up with friends.

Sunday, March 18 is the Spring Tech Session at Northstar Motorsports in Barrington. Great session for new members and experienced drivers to ensure your car and your equipment are ready for the 2012 Autocross and DE season. And don't forget about the FREE pizza and beer and the 10% discount on most merchandise purchases!

April gets really busy: Sunday, April 15 - Rallye School at Perfect Power in Buffalo Grove. A classroom session followed by a short rallye will follow to reinforce what you just learned. This is perfect for both the first time and the experienced rallyist.

SATURDAY, April 21 - Kane County Cougars Ballgame and Car Show in Geneva. 1PM Ballgame - Private covered rooftop deck & Skybox seating - Free hot dogs, burgers, soda & more - Meet Ozzie the mascot and run the bases after the game! - Parking paved & guarded near the Main Gate. Contact Carl Armand for tickets.

Sunday, April 22 - Zone 13 Concours Judging School at The Exchange in Highland Park. Our Region's national-level judges lead this hands-on class reviewing judging standards for Preparation, Preservation and Restoration classes. Learn how to judge, sharpen your judging skills or just learn what the judges look for at our concours.

Sunday, April 29 - Autocross School at Maywood Park in Maywood. Classroom session followed by on-track instruction on the skid pad, turn and braking areas and slalom. Learn to

drive the car the way the car was meant to be driven. An excellent opportunity for 16-18 year olds in PCA's Junior Participant Program.

As every president has mentioned, we are a volunteer organization that has grown and prospered for now 55 years. How does that happen?

Step 1 - just show up. Everyone had a first event where they didn't know anyone. Come alone or bring someone. Don't know what to say? Ask anyone about their car or ask any question. Believe me - we are not shy and we will probably learn something from you anyway. Step 2 - Come back and ask to help. Step 3 - Repeat Step 2. Beware - it might take up the next 20 years of your life.

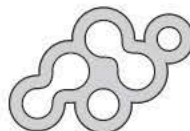

Seriously, life is good.

PORSCHE CLUB OF AMERICA, INC.

CHICAGO-MILWAUKEE REGION

The first meeting of the Chicago-Milwaukee region of the Porsche Club of America was held on Tuesday, October 8, 1957, at the Timberidge Restaurant on Route 41 near Kenosha, Wisconsin. An informal hour and a half of getting acquainted, munching on sandwiches and scrutinizing of cars as they arrived preceded the business meeting. Jack Ramey of Lombard, Illinois, arrived with a new Scottop with a nicely fitted pair of rear windows on his red speedster. Frank Willming drew lots of attention in his early model, all aluminum-bodied competition roadster. Jim Ford showed up in his Aston-Martin and was directed to the back of the parking lot.

The meeting opened with a short history of the PCA given by Gene Bussian. Elections were held after the late arrival of the group from Milwaukee (who, it was learned, were operating on Standard Time and for some unknown reason did not receive the notice that was mailed). Regardless, fifteen people showed up, due to the wonderful Porsche grapevine.

Cal Davidson was elected Temporary President, Gene Bussian, Temporary Vice President, Hayward Blake, Temporary Secretary-Treasurer and Anson Cameron, Technical Chairman. The election of this last chairman resulted from an overwhelming number of gripes about service, parts availability (in particular fan belts) and the run around from Hoffman on the Porsche Service Manual.

One dollar (\$1) was collected from both members and prospective members as a temporary dues until January 1st when we will hold elections for permanent officers.

Application blanks, copies of the By-Laws and copies of Christophorus (sent gratis by the Sholars) were passed out. The next meeting will be held on Friday, November 8, in the evening. Time and place to be announced. Jim Abbott volunteered to locate a suitable place. All in all there were thirty-four (34) Porsches present in the parking lot - a glorious sight to behold!

Twenty-two (22) PCA members and twenty-four (24) non-members plus an uncounted number of guests were present for the showing of slides taken at the Washington Parade by Bud Blake and Joe Marsey, who very generously sent them from New York for our meeting. Following the slides, the Porsche Sebring film was shown which drew cheers and many compliments. It was decided to hold a rally or some other activity some time in the near future and Gene Bussian volunteered to organize a committee for activities.

For a new region, it looks like we are off to a good start!

Respectfully Submitted,

Hayward R. Blake

Isringhausen and Porsche *the love of the drive.*

The Isringhausen dealership was created out of the Isringhausen family's love and respect for European automobiles. Isringhausen acquired the Porsche franchise over 20 years ago, and with a large selection of new and pre-owned Porsches in stock, Isringhausen has become the dealership for car enthusiasts seeking an enjoyable buying experience. Isringhausen has one of the largest Porsche 911 inventories in the midwest while also competitively offering the Panamera, Boxster, Cayenne and Cayman. Isringhausen has been named a Porsche Premier Dealer for 2011, a symbol of excellence in all departments of the dealership that is presented to only 25 out of 250 dealerships by Porsche Cars North America. Isringhausen was also awarded this honor in 2007, 2004, 2003, 2002, 2001, and 2000.

Isringhausen Motorsports was created by Geoff Isringhausen to experience and share the racing heritage and performance of Porsche cars. Four years ago, Geoff started taking a 911 around the nation for "track days" at some of the great tracks here in the U.S. This led to the desire to take the next step in motorsports

– a fully race-prepped Porsche. We built a Cayman S race car and soon after joined the Intercontinental Trophy Cup Series. This Cayman specific race series offers two, hour long races per weekend on some of the most famous tracks in America including Seabring, Road America, Road Atlanta and Watkins Glen. Visit Isringhausenmotorsports.com to learn more about our experience with Porsche racing heritage.

Golfer Wins A New Porsche From The Porsche Exchange

With one swing of his 4-iron Bob Maguire sank a hole-in-one, and won a new 2012 Porsche Cayman R from The Porsche Exchange in Highland Park.

His 175-yard shot on the second hole at Conway Farms Golf Club in Lake Forest during The Children’s Heart Foundation Golf Outing netted him every golfer’s dream, and a new Porsche from The Porsche Exchange.

Bruce Semersky, vice president of Semersky Enterprises and General Manager of The Porsche Exchange said he was “delighted for Maguire. One good drive deserves another, and the Cayman is a great car,” Semersky said.

“Any time we can support a charity as worthy as The Children’s Heart Foundation, we’re honored,” Semersky said. “Everyone at The Porsche Exchange was excited when Bob came in to get his keys, but of course Bob was the most excited of all.”

Bill Foley is the Executive Director of The Children’s Heart Foundation. Todd Ford is the Illinois Chapter President and Leo Cole served as Event Chairman. Mark Witzke of Golf Invite provided the insurance for the hole-in-one.

Autocross Report: Cheryl Lehman-Collier reported that Autocross 3 was very hot and slightly lower in attendance than expected. It was still a lot of fun and some of the drivers gave rides to Military people watching the event and they really enjoyed being asked. The club will probably not go back to this location next year. Autocross 4 was held at the Rockford Speedway along with the Central Wisconsin PCA Club. Cheryl reported that Autocross events next year will be sponsored in part by L&N Engineering, Charles Navarro and Tammy Heller. This is greatly appreciated and will assist in funding Autocross 2012 events.

Timing & Scoring Report: George Schaefer III reported that our timing system is working.

Road America Report: We are really ahead of schedule on registration and on-schedule.

Autobahn Report: Chris Ingot – no report – event closed and reported prior.

Chief Driving Instructor' Report: John Ruther reported that he had

a lot of students in the July events. There were six students at the August Blackhawk.

Keith Clark stated that is much more important to have the window down and it provides the driver a way to point for passing. Porsche's Corporate Names

Source: *PorschePurist.com* *Porsche Factoids* *Pepper Girl*

Just what do all the Intitlals In Porsche's Corporate Names Mean Anyway?

While writing a story about the the 80th anniversary of Porsche Engineering I got to wondering about the alphabet soup that makes up all the various Porsche corporate entities (we all know that Porsche Acronyms are used readily in their marketing). I'm sure, that for a German business person it's probably second nature and they don't even give them a second thought (similar to how we might see "LLC" or "Inc" following a company here in the US). However, as someone not familiar with all the various acronyms and abbreviations used in the German business world I decided to look it up and take a stab at identifying everything. Some of the abbreviations are quite obvious; others, not so much. Okay, I admit, the subject matter is a little dry, but it's something I've been wondering about for a long time. Perhaps you were too.

Current Holding Structure

Let's start at the beginning

Dr. Ing. h.c. F. Porsche Gesellschaft mit beschränkter Haftung, Konstruktion und Beratung für Motoren- und Fahrzeugbau. Yup, it's a mouthful and the full name of the company founded by Ferdinand Porsche on April 25th 1931. This company, let's call it "Porsche Engineering" for short, is what eventually morphed into what we know today as Dr. Ing. h.c. F. Porsche AG; or, if you want to make it easy on yourself, simply shorten that lengthy moniker to Porsche AG. Porsche AG is the main subsidiary of Porsche Automobil Holding SE (otherwise known as Porsche SE). Confused? Don't worry, so is everyone else and we haven't even brought VW into the picture yet. At some point in the future we'll put together a post trying to explain the capital holding structure of Porsche (for those of you interested) but first I need to figure it out myself. For now, if you really want to make your head spin, take a look at this document. In the meantime, we'll work on explaining all the acronyms for you below.

Back to the Alphabet Soup

Let's see, we have:

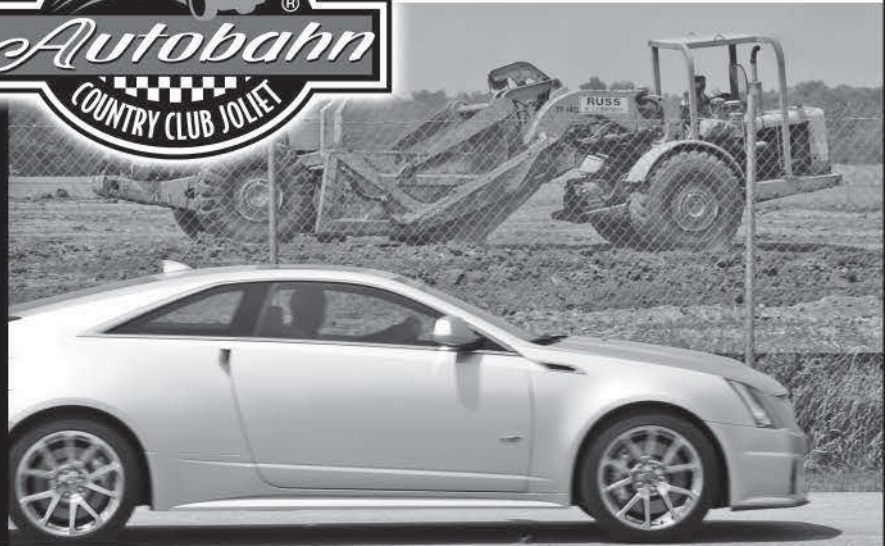

1. Dr. Ing. h.c. F. Porsche
 2. Gesellschaft mit beschränkter Haftung (GmbH)
 3. Porsche AG
 4. Porsche SE
1. If there is an obvious one, I guess it's the first. "Dr. Ing. h.c. F. Porsche" stands for "Doktor Ingenieur honoris causa Ferdinand Porsche." If we take each piece it's a bit easier to put it together. "Dr. Ing." is an acronym for "Doktor Ingenieur" or what we know as a "Doctor of Engineering" (in other words, the equivalent of a Ph.D.). And "honoris causa" simply means an "honorary degree" (Porsche was awarded his in 1917 by the Vienna University of Technology).
 2. "Gesellschaft mit beschränkter Haftung," or "GmbH" for short, translates directly as a "Company (Gesellschaft) with (mit) Limited (beschränkter) Liability (Haftung)." We would know it as a "Limited Liability Company" or "LLC" here in the States.
 3. With regard to "Dr. Ing. h.c. F. Porsche AG," we've already explained the beginning and "Porsche" is self-explanatory so let's look at the "AG". In 1972 Porsche went public and in 1973 "Porsche AG" was officially entered into the commercial register. "AG" is short for "Aktiengesellschaft" which is a German compound noun that literally translates to shares (Aktien) company (gesellschaft). In other words, it is a company limited by shares or owned by the shareholders.
 4. Last, but definitely not least, is "Porsche Automobil Holding SE." In this instance, the "SE" is an acronym for the Latin term "Societas Europaea" which translates directly to "European Company." An "SE" is a form of European Public Company governed by the rules of the Council Regulation on the Statute for a European Company of the European Union.

That's it. You now know more about German business acronyms than you probably ever wanted to. However, you never know, this could very well be a trivia question in an upcoming Porsche related competition that just might win you a nice prize. Not to mention, if we ever do decipher Porsche's complex corporate holding structure it will help in understanding how and why it is set up the way it is.

2011 Dinner Dance and Awards Presentation

John Ruther

The last event of 2011 and as President was the Annual Dinner Dance and Awards Presentation. The event, chaired by Sharon Ptak, was held at the Hotel 71 on Wacker Drive in Chicago. Thank you Sharon for organizing such a wonderful evening. For those who attended, I'm sure you won't soon forget the spectacular views from our 39th floor ballroom. I hope everyone had as great an evening as Jeannie and I did.

Highlights of the evening included presentation of our 'large' Charity Check to The Larkin Foundation, the 2011 Chicago Region Charity by myself, and the 2011 Charity Coordinators, Charles Navarro and Tmmy Hellings.

The other highlight was the presentation of the large collection of donated toys to the Toys for Tots and our special guests for the evening from the US Marines. Thank you to Cindu Jacisin to heads up this project every year.

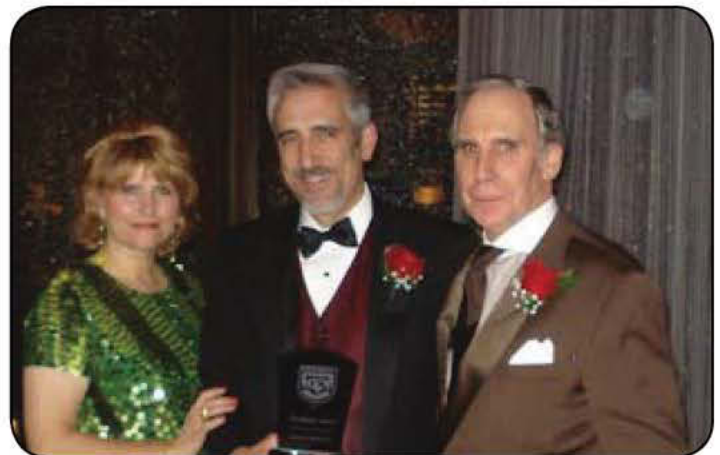

One of the best things any Club President gets to do is to present awards to not only all of the winners of the past years competitive events, but also to recognize those who have contributed so much to our Club.

This year I received many recommendations from Board members and Coordinators for recognition with a Presidents Award. So this year our award winners are:

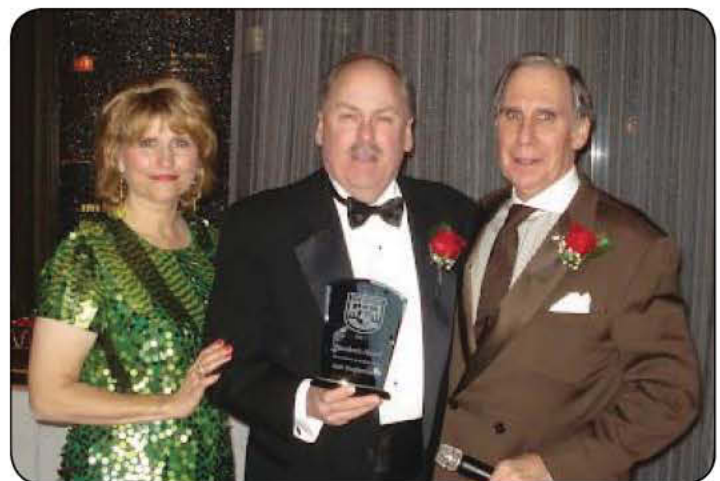

photos by Carl Armand and Steve Rashbaum

- Peter Faehnrich and Kori Kwak for all of the countless hours they devote to Tech.

- Chuck LaMantia for his many years of continuing service to our club including being President and currently he's on the Board and he chairs our Road America Drivers Ed events.
- Mary Anne Nowakowski for being the Registrar for our Road America DE events for over 10 years. Mary Anne has now trained her replacements Bonnie and Toby Duckett.

- Jack Stephensen for his many years of continuing service

to the club including being President and currently Jack puts on our annual Rallye School and provides terrific support to Steve Rashbaum for our Rallye program.

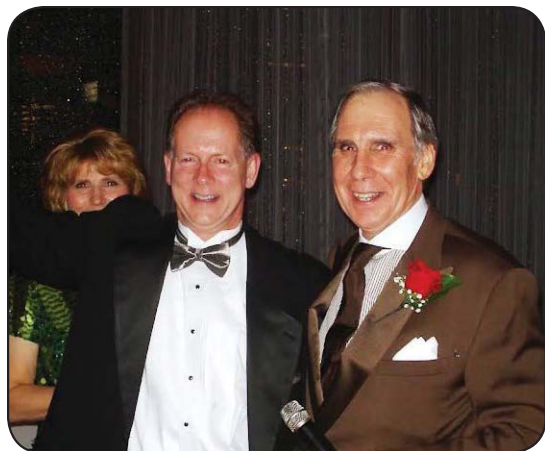

- Steve Rashbaum and Susan Shire for all the countless hours they devote to the club. I'm sure I don't have enough space to list all of their contributions. But currently, Steve is our Rally Coordinator and Susan has just finished a 3 year term as a Director and she has been the Editor of The Chicago Scene for longer than I can remember.

Congratulations and thanks to all of you for everything you have done for our club.

This year we had a recipient of the Takehara Award, which might not be the most coveted award, but it is certainly one of the most interesting. As most of you know, this award is named after a long time Chicago Region member, John Takehara, who had an unfortunate incident when his steering wheel actually came off just as he was entering The Kink at Road America doing a significant amount of damage to his recently restored 914. We decided this unfortunate event should be memorialized thus the genesis of the Takehara Award. The second winner of this award was Chris Ingot, who also had the same thing happen, only when his steering wheel came off it was at Turn 6 at GingerMan so he basically drove off into the grass hitting nothing. When the car came to a stop he put

For me the most prestigious award our club has is the Wayne Potter Life Time Achievement Award. This year I chose to present this award to Keith and Karen Clark. As most of you know, they have been very active in our club for the last 18 years. Keith has held virtually every office in the club including being President in 2002 and 2003. Keith continues on our Board as a Director, he is also our region's Insurance Coordinator as well as being the Chairman of our Road America Club Race weekend. Congratulauons Keith and Karen and thanks for all you have given to our club.

the wheel back on and continued in the race. This year's recipient of the Takehara Award was Kurt Konrath, who's racecar was on his trailer and when he was asked

if he could move his trailer up a few feet, the car rolled off the back of the trailer where it bottomed out on the engine/transmission. This was nothing a jack and a few strong backs couldn't fix. You see Kurt thought the car was in gear. Our Safety Coordinator, Todd Conforti and I thought it was worthy of this award.

Traditionally, the Dinner Dance is the event when the newly elected President is introduced and then he/she has the pleasure of introducing the new Board of Directors and Coordinators. At the banquet it was my distinct pleasure to introduce Cindy Jacisin as the President for 2012.

And also as a tradition – the incoming President presents the outgoing President with a gift as a token of the club’s appreciation. Cindy presented me with a wonderful illustration by Steve Anderson of my recently sold GT3RS racecar. Now I have a truly unique momento of not only being President of the Chicago Region but also of my racecar of the last eleven years. Thanks so much Cindy and I know you’ll do a great job as our club’s newest President.

During the past two years it has been my honor and sincere pleasure to have served as the President of the Chicago Region PCA. Even though I have finished this job, I will continue on the Board as the Past President and also continue serving as the Chief Driving Instructor. Thanks for all your support during the past two years.

Remember, it’s not just the cars, it’s the people.

Aungahh!

This PCA ad is also from the Ninth Annual Porsche Parade 1964 Chicago Region Program - I love its simple message - as true then as it is now!

Our focus all year will be to Celebrate our 55th Anniversary. Our historian, Jim Jacisin, is looking for memorabilia to feature. Send him what you have and we'll use as much as we can in the Scene and at the Dinner Dance.

The next issue will focus on what we do.

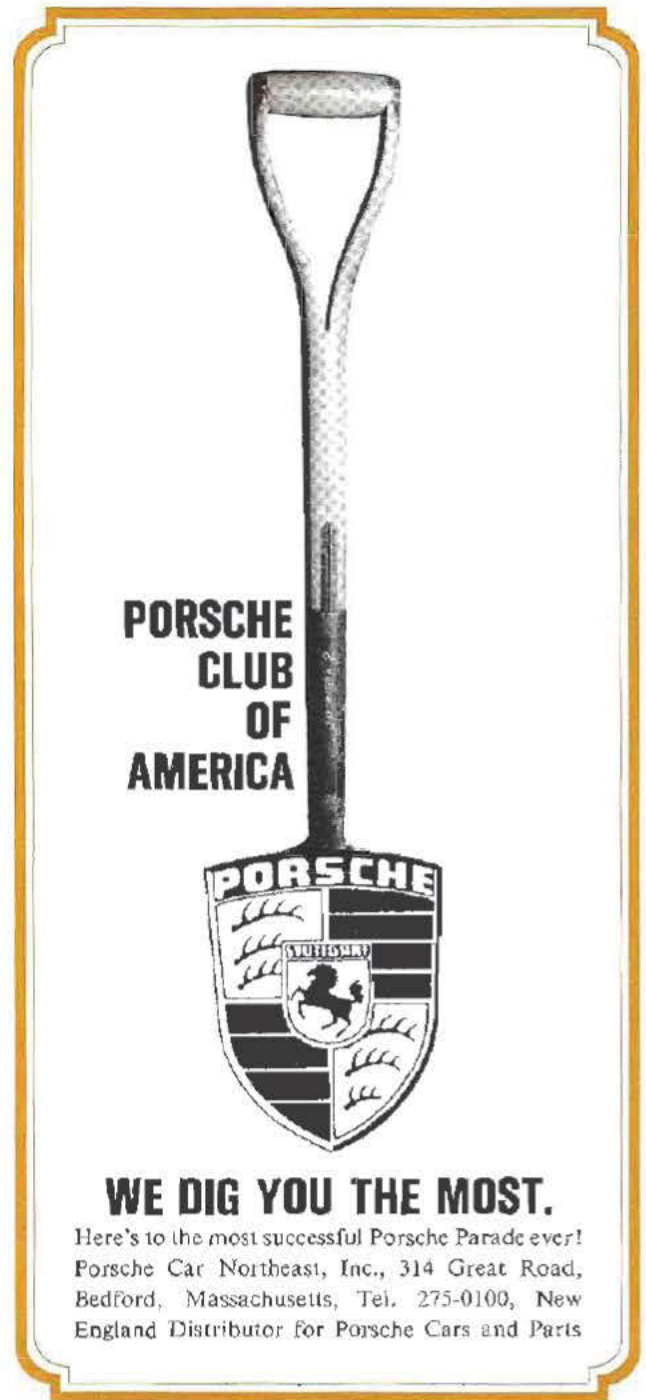

Several of the items in this issue came from Ginny Gummow who we lost early this year. Ginny and her husband, Bob, were among the original members of Chicago Region, belonged to the 356 Club and participated in many events. Always welcoming to new members and old friends, Ginny will be missed.

Legendary Porsche performance with four passengers. We're definitely defying the laws of something.

No one has the capacity to break the rules more than Porsche. And now, the new Panamera. The legendary sports car driving experience built for four. The staggering Porsche power is unmistakably present. As is the relentlessly precise handling. And with the addition of a second row of executive seated passengers, there's no end to the rules you can break. Porsche. There is no substitute.

The Panamera. Experience pure Porsche performance for four.
