Busy busy....

By the time you all read this the vast majority of our events will be in the rear view mirror. It will be sometime in September after a whirlwind summer and just after The Road America Challenge at Road America.

What will be left is Rallye IV (9/11/16), Oktoberfest Social (9/17/16), Autocross V (9/18/16), Concur V (9/25/16), Oktoberfest at Blackhawk Farms (10/8-9/16), Galena Fall Driving Tour (10/14-16/16), Fall Tech Session (11/6/16) and wrapping up 2016 with the Annual Awards and Dinner Dance (12/10/16). One more thing you all really need to do is vote and I am just not talking about Hillary and Donald!

Around the time you read this the Chicago Region PCA nominating committee will have met and selected the slate for the 2017 Board of Directors. There will probably be a couple of people coming off the board and a couple of people returning. Myself...I plan on returning. So I will send out an email blast sometime in October with the ballot attached. All you need to do is print out the ballot, select the candidates...sign it and mail it to our secretary, Carl Armand.

I also call you to read a great piece in this Scene written by our treasurer, David Angelus. It's kind of about volunteering and getting involved. Way back when I started in the club, I participated in almost every driver's education event. Those who know me know I am not the type to just "sit there" or if I do, I fall asleep! So I always volunteered. I am in my 15th year of helping run events at Road America and jump in on other events when possible. So as the year winds down, give it some thought and where you might be able to serve your club in the years to come! -----

If you look back in the April 2005 edition of The Chicago Scene, you will find an article on page 39. Back then..I was doing my first volunteer thing, the Goodie Store. I was a pretty frequent contributor to The Chicago Scene. My father had passed away in February of that year and so many people from the Porsche Club came out to pay their respects. It was a very difficult time for me and my family.

At the end of July, my mom passed away. The last couple of months for her were pretty bad, so she is at peace and in a better place. And again....my Chicago Region PCA friends to the rescue. I know I should not be surprised...but it was so nice to see people come out, take time to write me emails or make a phone call to check in with me. The flowers the Club sent...I guess there was some kind of mix up. So at the service on Monday, I noticed a beautiful spray of flowers. Then at the grave site...the flowers were there again. So in the end...the flowers went with my mom.

That thing that we say...It's not about the cars...it's about the people, is so true.

Until next time....

New Exceptional Building. Same Exceptional Service.

The Porsche Exchange in Highland Park's all-new, one of a kind building will be complete in Summer 2016, and it is expected to revolutionize the standard of Porsche facilities in the Midwest. The state of the art structure will encompass 50,000 square feet and house a new showroom that will hold an even wider array of top of the line vehicles. With an increase in service bays – 16 to be exact – and the most advanced technology available, the Porsche Exchange's new facility will elevate their already exceptional customer service.

Porsche engines run best on experience.

The factory trained-technicians at Porsche Orland Park service all Porsche vehicles, ranging from early air-cooled engines to brand new models. We offer reduced labor rates for any vehicle model year 2000 and older. And while our competitive service rates compete with non-factory authorized shops, you get the peace of mind only Porsche factory-trained technicians can deliver.

Experience the best.

IT'S NOT WHAT THE CLUB CAN DO FOR YOU BUT WHAT YOU CAN DO FOR THE CLUB!

By David Angelus, Treasurer and Concours Co-Chair

The PCA Chicago Region is one of the largest Porsche Clubs in the nation with over 3,000 primary and affiliate members. Our event calendar is vast with more than 70 activities planned each year. Our membership benefits from the size of our club, the event calendar and most importantly the lifelong friendships developed through participation.

Sustaining our club requires more than annual dues. It requires the active engagement of our members by participating in events, sponsoring and/or coordinating activities, or both.

Have you ever asked yourself “why doesn't the club ever do this or that activity?” or “what can we do while our cars are parked for the winter?” If so, now is your opportunity to step-up and give back to the PCA Chicago Region. We are always looking for new ideas and members willing to help plan, sponsor or coordinate activities.

For instance, Peggy Atcher wanted to provide an easy way for our members to purchase high quality Porsche Club of Chicago clothing. So she asked the Board for authorization to restart our local Goodie Store to address this need; the new store has become incredibly popular. I am working on bringing back the annual summer social at the Ravinia Festival in Highland Park next year. Lastly, our Club President is currently exploring the possibility of a Chicago Blackhawks outing.

My call to action is simple: participate, have fun, make new friends and if you have an idea, suggest it to our President, any Board member, or me directly (David.Angelus@comcast.net). Our planning for next year begins in a few short months and your ideas are a vital part of the annual process.

The Porsche Club is more than just about our cars, it's about the people. Take a moment to think about how you might give back and help sustain one of the largest and most active Porsche Clubs in the nation. Have fun and participate!

Report of New Social Open House – Illinois Live Steamers

By: Toby Duckett, Event Coordinator

The new Social Open House held at Illinois Live Steamers on Saturday, June 25 was a success for the PCA groups that attended and Illinois Live Steamers members. A total of 50 Region members, families, and friends attended the open house from 11 AM to 4 PM. **ILS VP and PCA Region member Mike McPherson** was our host along with several other ILS members who provided the train rides on their personal unique miniature trains. **THANK YOU MICHAEL McPherson and ILS members.** The tracks go around the wooded 7.4 acre property, 3 bridges, and a tunnel. Many PCA members toured the property after their one or more rides, asked questions that were willingly answered, and had a picnic. Although it was a hot 90 plus degree day, everyone was glad to have this new social and wanted to come back again. The attendees were very generous and donated \$327.00 to ILS for their future track and other maintenance. **THANK YOU TO ALL that came and made a donation.**

PCA 2016 FALL DRIVING TOUR

CHESTNUT MOUNTAIN RESORT IN GALENA

FRIDAY 10/14 THRU SUNDAY 10/16

It appears that we have **sold-out** all 35 discounted rooms at **Chestnut Mountain Resort**. Full price rooms may still be available. Check periodically to see if any rooms have opened up. When you do call **(800) 397-1320**, advise them that you are with the **PORSCHE CLUB**. After you make your reservation, please e-mail me and let me know that you will be attending: j.diwik@comcast.net.

On Friday 10/14, we will meet for breakfast at 9:00 a.m. at the **Egg Yolk Café** on Rt. 59 in West Chicago. We will depart from the **Egg Yolk Café** and drive a combination of highways and back roads to the Galena area where we will have lunch at the **Lena Drive Inn (No Michelin Stars!)**

After lunch, we will visit a local winery and then drive the back roads to the Chestnut Mountain Resort. Chestnut mountain has an “**Alpine Slide**” that is accessed via their chair lift. See the photo below! The runs down the mountain are exhilarating and the views are awesome. They also recently installed a “**Zip Line**” for yet another thrill ride!

Friday night is a free night with no planned activities. Perhaps a great night to visit historic downtown **Galena** where there are numerous restaurants and pubs. Or stay at the resort and party with Johnny D... Whistle Pig?

Saturday morning we will caravan south along the Mississippi River. After we cross the river and head back north, we will visit a winery and then dine together for lunch at the **Offshore Bar and Grill** in Bellevue, IA. After lunch we head north eventually crossing back to Illinois near Galena.

We plan to dine as a group on Saturday evening at the **Chestnut Mountain Resort** as we look out over the fall foliage and the magnificent river and watch the sun set! I will provide pricing information for the Saturday meals at a later date.

Autocross 2016

"Precision Car Control" Schedule

Autocross is an inexpensive opportunity to aggressively drive your Porsche, or other performance vehicle, in a controlled, and safe environment. Drivers navigate one at a time through a defined course outlined with road cones. You will likely be surprised at the activity level required due to the number of elements we pack into each course. You will test and improve your driving skills while experiencing the impressive handling performance of your car.

Everyone is encouraged to attend, particularly if you plan to participate in any other driving events throughout the year. Join us for some fun while becoming a better driver!

1

Sunday May 1, 2016 - Boomers Baseball Stadium

1999 S Springinsguth Rd, Schaumburg, IL 60193

Those who attended our Precision Car Control Clinic held on April 24, 2016 will be familiar with this fantastic venue. Boomer's Stadium is centrally located in Schaumburg, IL (just West of Route 59/355) and an ideal location for Autocross.

2

Sunday June 5, 2016 - Rockford Speedway

9572 Forest Hills Road Loves Park, IL 61105

This is a 1/4-mile, high-banked, asphalt race track sanctioned by NASCAR and has more than 60 years of history. The result: This place has *character*. Today the speedway is ours to have some fun and to improve our car handling skills. This venue is a bit off the beaten path but well worth the trip—as anyone who has driven here can attest.

3

Sunday July 10, 2016 - Tire Rack

7101 Vorden Parkway South Bend IN, 46628

This event will be hosted by the very generous folks of the Tire Rack who will allow us to use their test track. Tire Rack uses this track to test the tires they sell in real world conditions to provide tire performance comparisons to customers. Always a very popular location among our regular participants. Tire Rack is located about 1.5 hours outside of Chicago, just off of Interstate 80.

4

Saturday August 27, 2016 - Boomers Baseball Stadium

1999 S Springinsguth Rd, Schaumburg, IL 60193 60193

We are trying a Saturday event this year! Please join us for an exhilarating day of driving followed by camaraderie at a nearby establishment (location TBD). This venue is centrally located in Schaumburg, IL (just West of Route 59/355) and an ideal location for Autocross.

5

Sunday September 18, 2016 - Boomers Baseball Stadium

1999 S Springinsguth Rd, Schaumburg, IL 60193 60193

We finish the season at Boomer's Stadium. This is your last chance before the end of the year to test your skills in a controlled, safe environment. This venue is centrally located in Schaumburg, IL (just West of Route 59/355) and an ideal location for Autocross.

The Chicago Region of The Porsche Club of America
Attends
Westmont Cruisin' Nights and Street Fair - July 21, 2016

The Westmont Cruisin' Nights and Street Fair has become one of the most exciting weekly summer events in the Chicagoland area. This unique event closes down three blocks of downtown Westmont every Thursday in June, July and August so that classic car enthusiasts can check out the "Cool Cars On Cass".

"One of the exciting new features at the event is the addition of international car clubs," said Kristina Kaniauskaite, Westmont Special Events Corporation (WSEC) Office Manager. "The WSEC wants to give a big thank you to our friends from Porsche Club of America for bringing out more than 50 cars to one of our events in July. This was our biggest car club turnout so far this year. We received numerous positive comments about the addition of the car clubs, and specifically, the Porsche club."

"I thought the event was very well organized, perfectly executed and enjoyed by all who participated," said Carl Armand, Porsche Club member. "My favorite part was seeing all those beautiful cars, not just Porsches, and the camaraderie enjoyed among our members."

The Westmont Cruisin' Nights & Street Fair event features classic cars, live music, market vendors, radio station promotions, business and restaurant specials, kids activities, and more. The event averages more than 250 vehicles and 2500 event guests each week. For more information please visit WestmontCruisinNights.com

2016 Rallye Season

Tom and Ann Snyder, Rallye Coordinators

Our Rallye season will be well underway by the time you read this. Four of the five rallyes for the year will have been finished by the time this September Scene is issued. The first rallye was April 17th, started in Warrenville, and ended at the Spotted Fox Ale House in St. Charles, results were reported in the June Scene.

The second rallye in May was called the "Mayday Mayday Rallye", apparently our Rallye Masters Jim Corbett and Gary Neal were trying to tell us something. But the rallye wasn't as scary as the name implied and as far as we can tell no one really got lost. OK, maybe one or two wayward turns that were immediately regretted, but the rallye didn't have any pesky tricks. No actual "Mayday" calls were reported. The day was sunny and certainly chilly but it was good driving weather as we started at Panera Bread in Gurnee and finished at scenic Michael's On the Lake restaurant in Kansasville, WI. The roads were very scenic, the transit zone had a time warp back to the 60's by way of Gus's Drive-in located in East Troy WI, and the end point restaurant was on a scenic lake.

The third rallye in June was entitled the "The Kindergarten Rallye" and we were advised that "You'll need to know your numbers and letters" in the flyer. Were our Rallye Masters Steve Rashbaum and Susan Shire trying to mislead us into thinking it was as easy as kindergarten, only to later whip out a ruler to slap our knuckles like the mythical 60's era nun schoolteacher. Nope, the rallye again was on beautiful roads and as far as we know, none of the cars are still out there roaming around the Wisconsin roads looking for a checkpoint. The starting and endpoint were at the Bratstop in Kenosha WI, a novelty treat in itself.

As you can see from the results attached each rallye had good attendance with about a third of the participants' in the novice class.

The fourth rallye "Another Second Chance" will be history before this issue of the scene reaches you because it will be held August 21st. Rallye Masters Jack and Karen Stephensen are giving Steve and Sharon Olson's "Second Chance Rallye" a Second Chance! Makes sense, right? Hopefully you saw the announcements on the PCA-Chicago website and came out for this event starting in Oak Brook and ending in Willowbrook.

The last rallye of the year "Remember 911!" will be held on, wait for it.....September 11th. The announcement is here in the Scene and on the PCA-Chicago website. Steve and Sharon Olson are experienced Rallye Masters and always present a memorable rallye.

One other rallye that deserves mention is the PCA Parade Rallye held at Jay Peak Vermont in June. PCA-ers from all over the U.S.A participated and the competition was top notch. This year's Parade had over 1,000 registrations with over 100 cars in the rallye competition. Of course our Chicago Region was well represented at the Podium. Steve and Sharon Olson placed an impressive first place in the Navigation Class, and Con and Sue O'Mahoney placed second in Unequipped Plus Class. Yours truly Rallye Season Coordinators Tom and Ann Snyder placed fourth in the Navigation Class. We'll try harder next time. Jack Stephensen was the Co-Rallye Master for this event.

If you are new to Rallying it's never too late to try your first rallye. We have a "Touring Class" at every rallye with annotated instructions to help keep you on the rallye course.

If you'd like to keep informed on rallye news, we have a Rallye Enthusiast e-mail list. Let us know you are interested and we'll add you to the list.

We hope to see you at Rallyes 4 & 5.

Porsche recommends **Mobil 1** and  **MICHELIN**

It's done what no luxury car has done. Be a Porsche.

The first true sports car that's also a luxury sedan. Step on the accelerator and best in class performance and handling is undeniably present. But now, there's a new source of exhilaration—executive class comfort. Elegantly crafted leather seats, a remarkably spacious cabin and a sleek ascending center console. With an endless amount of customization options. In short, the world's most thrilling contradiction. Experience it for yourself, with a test drive.

From; Steve Brown - PCA Member

As with many of you, I just wrapped up a fantastic weekend at R.A.D.E. Yeah we had some rain, but what a great way to hone your driving skills and better understand your foul weather limits. It is amazing how well organized things are at the track and I suppose a “thank you” is in order to all who put it together. It is appreciated.

Upon return I was anxious to watch and share my GoPro videos, compare lap time improvements and just relish the amazing performance of these cars; mine is a 2016 Boxster GTS/PDK/Sports Chrono/PTV. I just came off a 2013 Boxster which I tracked at RA twice before.

Some of my non PCA member, Porsche owning buddies who won't do DE, wonder; “why would you trash your car?” They just don't get it. On a track where you can explore the limits and truly appreciate the capabilities, the durability and sheer pleasure of a Porsche, how can that possibly compare to occasional attacks of the freeway ramp system?

How about this; the music coming out of a Porsche (especially PDK in Sport Plus) is where the Porsche experience takes on a whole new dynamic and aural experience. As they often say; it is the total package. Driving my car in a DE at RA is a real treat. It makes me wonder why I waited so long to dive in, to both the Porsche car, as well as DE's. If you are on the fence, it might be time for you to jump down. Your car can do it, so can you with an instructor to get you going and there are amazing techies there to make sure your car is ready. You will gain a whole new appreciation for your car.

Light as a feather. Tough as nails.

Just like your cars, this Model 4926 car trailer is completely customizable, from tri-color exterior panels to sleek interior LEDs. However, its tough-as-nails construction comes standard. Warning heads will turn and crowds will gather. But based on the cargo you're hauling, you're used to it.
