

AUGUST 1991

CHICAGO SCENE

The official publication of the Porsche Club of America, Chicago Region

PORSCHE® **IS NOW IN LAKE FOREST**

We are very honored to announce our appointment as the Midwest's newest Porsche dealership. Through a blending of the best of the Porsche Exchange and Lake Forest Sportscars, we hope to provide you, the Porsche owner, with the highest level of sales and service attention.

Our new, Porsche only, facility is located in downtown Lake Forest next door to our Ferrari dealership.

Our Porsche technicians, Tony Chiovri, George Gutmann, Herb Maag, and Dick Gaglirdi are some of the most experienced in the Midwest, with the latest factory training.

Our parts department can supply whatever you need, usually on the spot, whether it's the latest in Porsche accessories or those "I'll have to order it" parts others may not have. Dean Nicholas is our Porsche Parts Manager. Feel free to call.

The service and parts department will be open 6 days a week for your convenience, not ours. By the way, a grease, oil, and filter change is never more than \$49.95, while you wait!

Enclosed pickup and delivery is available at a minimal charge for those times when you don't have the time. Our trucks and our drivers care about your Porsche as much as you do.

Sales of new and fully warranted, pristine used Porsches, is open 6 days a week, Monday and Wednesday nites until 8:00. Jeff Stevenson will be there to help you. Feel free to stop in and browse. We've got a great inventory of Porsches, in the right colors, and the right deal.

Soon we'll be announcing our own track events, service clinics, and SCCA National Porsche Racing Program. We're very serious about Porsche Performance.

So when you think about Porsche and Performance, think about a trip to Lake Forest. You'll be pleasantly surprised. You have our promise.

Rick Mancuso

LONG BEACH GRAND PRIX

FINISH POSITION	DRIVER	TEAM
1st	Al Unser, Jr.	Galles-Kraco Racing
2nd	Emerson Fittipaldi	Penske Racing
3rd	Danny Sullivan	Penske Racing
4th	Michael Andretti	Newman-Haas Racing
5th	Mario Andretti	Newman-Haas Racing
6th	Rick Mears	Penske Racing

DISC CONDITION

The carbon (which is unique to **Carbon Metallic®** Disc Pads) has a very positive effect on disc performance through its conditioning process. **Carbon Metallic®** Pads polish the disc to a Black Glass™ finish. This occurs more rapidly the smoother the initial surface of the disc. After polishing to a very glossy Black Glass™ finish, the disc is actually more effective than new and is much less susceptible to wear.

DISC LIFE

Disc life is subject to many variables:

- Disc material consistency (casting quality and material).
- Disc service environment (salt, sand, mud, ice).
- Disc service work (route, heat, driver).
- Disc pad compatibility.
- Brake balance front/rear.

DISC EFFECTIVENESS

This is directly related to disc and pad compatibility. **Carbon Metallic®** has proven time and time again on 800,000# trucks, on commercial vehicles, on trucks in the European Alps, and race cars to be the most effective commercially available material in the world!

THE LEED LANE

Get out the Q-tips and start cleaning! Potter's Picnic is August 11th. Potter's is held at the home of Wayne Potter and is a concours and family picnic and always a good time. There is plenty of shade, beautiful cars, good food and lots of games for the kids. The concours will be slightly different this year. We will have a novice class in which the inside, outside, trunk and engine will be judged. All novices are welcome to come out and give it a try. To make it even easier, we will have some pros come around while you are scrubbing and polishing to give you some pointers before the judging actually begins. Trophies will be awarded to this class. A People's Choice award will also be given. Our traditional four concours classes will remain unchanged. We also encourage novice judges to step forward. If you're interested in judging, Pat Yanahan would love to hear from you before the day of the concours as he plans to pair up novice judges with experienced judges. His number is (708)887-7605. If you decide on the day of concours you want to judge, I know he won't turn you away! Even if you're not into cleaning and polishing your Porsche, come out and enjoy a relaxing afternoon with us.

Dan Gallagher had a sell-out for Blackhawk again in July. In fact, he tells me he was sold out by pre-registration. So if Blackhawk III is on your calendar of things to do, send him a check today!

Hari Matsuda and his Elkhart II committee are planning a great Labor Day weekend for you. There will be something for everyone - spouses and kids, too. Sign up early, registration is limited!

Our 11th annual charity gymkhana is scheduled for September 16th. Please mark your calendars now and plan to spend a little money to benefit the children of the Sally Potter School for the Multiply Physically Handicapped.

Susan Brenkus is busy organizing our 35th anniversary party and plans to have some preliminary details in next month's newsletter. If you have ideas or want to volunteer your time and energy, call her at (708)766-4734.

The Regional nominating committee has met and set the slate for 1992. Details are in this issue of the *Scene* and will be in the September issue, too. Nomination by petition from the membership will be accepted by the Board of Directors until September 7, 1991. The official ballot will be included in the October newsletter. This is your Club, get out there and VOTE!

See you at Potter's!

UP & COMING

PCA CHICAGO REGION'S 11TH ANNUAL CHARITY AUTOCROSS

DATE: September 15, 1991

TIME: Registration and Tech will be at 10 AM, course walk 10:30 AM

Auction immediately following the autocross. If you can't attend the autocross, come for the auction.

COST: \$15.00 per First Driver, \$10.00 per Second Driver

This is hard to believe but Chicago Region's Charity Event is celebrating its eleventh year. We are hoping everyone will come out and help us celebrate.

We have a great site for the Autocross - College of Lake County (CLC) in Grayslake. (Directions to CLC are at the end of this article.) This site has a large parking area free of any terrifying obstacles to set up the course.

There are also plenty of grassy areas for picnicking, visiting, or taking part in some of the activities of the day. Besides enjoying the autocross, you can satisfy your hunger with a fresh grilled bratwurst or hot dog available for purchase at the site. Dessert will be covered by the Bake Sale (plan your donations now). Cold drinks will be available all day long. Other activities will include a silent auction, a continuous raffle (ticket sales will start early and continue all day long). Plus anything else we think will be fun to do.

Following the autocross, we will have our charity auction (location to be announced in next month's *Scene*).

After a brief time of relaxation and swapping of car stories, we will award trophies, raffle off some prizes, and conduct our Charity Auction. Jim Becker will be our intrepid auctioneer. (This show is its own form of entertainment.)

All proceeds from the Charity Event go to the Sally Potter School for the Physically Handicapped. The parents and students of the school have grown to look forward to attending our annual event.

In the past our auction has included clothing, car parts, tools, books, racing memorabilia, Porsche memorabilia, and art works, including ceramics and stained glass objects. All items are specifically donated for this event.

We are encouraging everyone to help us with these donations. We will appeal to dealerships, as well as our newsletter advertisers. Anyone can make a donation. It does not have to be car related. We have had cosmetics, perfume, cookies, and food donated in the past. We have also had a "help to concours your car" donation.

Ask yourself - what can I donate that might be fun? Next, who do you know that might be willing to contribute? Request letters are available from event chairmen. A list of the contributions will be posted at the event site, as well as included in our newsletter. Receipts will be available.

Directions to CLC - Washington Street entrance - from I94/I294 Tollway, exit West on Route 120. At the Route 120 and Route 45 intersection (this is the first traffic light after Route 120 becomes a two lane road) turn North on Route 45. At the Route 45 and Washington Street intersection (third traffic signal) turn West on Washington Street. The College entrance will be on the South side of the road at the next traffic signal.

ANNOUNCEMENT

The nominating committee met in July 1991 and submit herewith the following slate of candidates to fill the vacancies for officers and directors for the Chicago Region of the Porsche Club of America.

President	Dan Gallagher
Vice President	Rip Patterson
Secretary	Chuck Bittman
Treasurer	John O'Keefe
Director	Greg Turek
	Doris Voce
	George Mueller
	Bruce Janecek
	Lee Lichtenstein

Directors beginning the second year of a two-year term: Nick Leicht, Cy Ling.

In accordance with the Bylaws of the Chicago Region, Officers will hold office for one year or until their successors are elected. Directors will hold office for two years or until their successors are elected. No officer or director shall serve continuously for more than two consecutive terms in the same office.

Election shall be by ballots enclosed with the October newsletter. All ballots must be signed by the voting member and returned to the Secretary within 21 days of the mailing date of the newsletter.

Per Chicago Region Bylaws, Article VI, Section I: Nominees will also be accepted from the membership at large by petition, signed by at least 10 members in good standing, to the Board of Directors prior to September 7, 1991, for inclusion in the October newsletter.

Respectfully submitted:

The Nominating Committee

Chris Ellis - Chairman
Cy Ling
Glenn Sapa
Jeanette Russo
Harold Beach

BLACKHAWK XXII

DATE: August 14th

TIME: 8:30 AM - 5PM Registration closes AT 11 AM

PLACE: BLACKHAWK FARMS RACE TRACK, So. Beloit, IL

Join Dan Gallagher as he celebrates twenty-two great years of chairing Chicago Region's second oldest event. Beat the mid-week blues, play hooky from work and check out the fun at Blackhawk!

Here's your opportunity to practice all that you've learned in drivers school in the complete safety of an enclosed high-speed track. Blackhawk Farms is an eight turn 1.8 mile track located just outside of Rockton, IL, conveniently close to the Northwest Tollway. Here you can learn to drive your Porsche or other vehicle at high speed in complete safety. Please note that at these events we allow cars other than Porsches to participate. We are not suggesting that you bring up the family station wagon, but sports cars and sporting type cars that pass tech will be permitted.

As this event is held on a Wednesday, the concession stand will not be open. We recommend that you bring a picnic lunch or plan to go into town to McDonald's. As always, alcoholic beverages are not permitted during the event. Afterwards, plenty of cold drinks and a great dinner will be held at one of the club's favorite spots nearby.

The entrants will be divided into three classes so that the slower cars and/or novice drivers will not be on the track at the same time as the faster cars. Please remember that the club's insurance requires all drivers to wear long sleeved cotton shirts, long pants, and a helmet at all times while on the track.

There will be a mandatory drivers meeting for all entrants who have not run this event previously. This meeting will take place at precisely 10 AM. Registration will close at 11 AM.

Here's your opportunity to learn how to drive your Porsche or inferior vehicle at high speed and learn how to do it properly. Change your oil, brake fluid, and brake pads, and come on out and have a great time.

Directions to Blackhawk:

Northwest Tollway (190) North to ILL 75 (just South of Wisconsin line), West on 75 to T (Blackhawk Road), right to Shirland, left on Shirland to Fischer, left on Fischer to T (Prairie), left about 1/4 mile to track entrance on right.

REGISTRATION FORM - BLACKHAWK XXII

Dear Dan:

I can't wait to get on that great track again!!

TURN ONE PARKING SPACE INTO TWO!

At last, an ideal way to transform an ordinary parking space into a multiple deck parking system, literally doubling your current capacity in seconds. It's called SPACE MAKER—an innovative product that actually pays for itself.

Developed to handle all types of passenger cars and light trucks, it has virtually unlimited residential and commercial applications. SPACE MAKER is a hydraulic steel platform designed to lift a vehicle into the air and lock it firmly and safely into place, thus allowing another vehicle to park directly beneath the first. It can be installed on any level surface—indoor or out—with no excavation, costly site preparation or increased taxes.

OUTSTANDING FEATURES:

- 20-Year Track Record
- Safe and Easy To Operate
- Increases Your Parking Space And Income
- Leasing Or Financing Available

POTTER'S PICNIC EVERYBODY CAN ENTER CONCOURS

Saturday, August 11th marks the Annual Potter's Picnic and Concours and we have planned a special concours event for all Porsche owners.

NEW NOVICE CLASS

In addition to our standard four classes of regular concours, we are adding a one time only special novice class for beginners. Although everyone is invited to enter into the standard A, B, C and D classes, this novice class is intended for beginners who would like to learn about concouring and show their car without the heavy competition with the fanatics.

In addition, we will invite beginners to be judges in the novice class so that they can become familiar with judging and see first hand how other people prepare their cars.

NOVICE CLASS RULES

The rules are very simple, this is for beginners only and any one who has ever won a trophy in any of our regular concours is exempt.

Additionally, there will be no handicap points for age or mileage nor will there be any points granted to the overall concours competition for overall points for the year.

Judging will be for the entire car with the exception of the under carriage, so wash out your engine compartment, clean the trunk, interior and wash the top side as well as the wheels and that will be it.

So if you have never entered a concour before or you are a new member, (or even one of our old members who have never tried it) wash the car and bring it out.

Bill Garvey and Pat Yanahan will be available to answer any questions for the novice class and we are going to have some of our experienced members available to give you some pointers.

Trophies for 1st, 2nd and 3rd will be awarded in the one-time only novice competition.

PEOPLE'S CHOICE

In addition, we are going to have an overall People's Choice Trophy for all cars in the standard concours class, as well as the novice class, which will be chosen by the attendees at the picnic.

Any questions call either Bill Garvey at 312/973-3938 or Pat Yanahan at 708/887-7605.

POTTER'S PICNIC AND CONCOURS

The Site:

Wayne Potter and Family feel this is a habit they aren't willing to change, so - The Picnic will be held at the home of Wayne Potter, West of Grayslake, IL (see map following this article). This site comes complete with a neatly trimmed grassy area for displaying plenty of perfectly polished Porsches. Yes, yours included. Make this the Concours you enter. Also included is lots of lazy lawn area for relaxing and visiting after you've scrubbed, polished, buffed and shined. Club swingers, there is a swing set on site, as well as some fun and games to be offered.

The Date:

We've planted this picnic right after the Parade. Mark your calendars for Sunday, August 11, 1991.

The Cost:

Because this is a family event, we try to keep the cost as low as possible. No increase from last year. \$7.00 each adult, \$4.00 each child ages 4-17, mini-kids 3 years and under are free. Bring out the whole group.

The Schedule:

Arrive on site for final clean-up - Anytime after 11 AM

Concours judging begins at 1 PM

Picnic - Noon to about 5:30 PM

Bill of Fare:

Our traditional veal bratwurst or hot dogs will be grilled to perfection by our team of terrific tubular treat turners. Join the team. Become a cook. On the spot training will be provided. You'll learn how to time a bratwurst. Cold tap beer and soda pop (all the flavors you can imagine) will be available, plus potato chips, condiments, etc. First brat off the grill at about 12:30 PM.

Activities:

Concours - we will be using the Chicago Region's four classes A-D for concouring. See the Region Directory/Calendar for class definitions. Judging will start at 1 PM sharp! There are nothing but winners in a Concours. Do like Rip did. He convinced the kids concouring was a fun family activity. It's quality time. Also important to remember, little hands reach in little places.

Games:

For kids of all ages. From everyone's hot afternoon favorite - you guessed it - waterballoon toss - to some games we can't mention here (they are a surprise, even to me at this moment). There will be plenty of things to do with family and friends. Soccer, volleyball, and baseball equipment will be available. There is a swing and slide set. Those of you who have them to bring will find space to run radio controlled cars. (Help with the games is always needed. Volunteers can call Linda at (708)740-356C or leave a message at (708)566-5900.

So - clean up the Porsche, pack up the lawn chairs, gather up the family or friends, and come on out for a day of good food, great friends, beautiful cars, and lots of fun.

Pre-registration is not required, but would be appreciated. See map for directions. Please leave your pets at home for this event.

Elkhart II

is a family affair

Labor Day and Elkhart II will be here sooner than you think and it looks like it will be a great weekend for the family Porscher. For those of you who have not shared the Labor Day weekend with your family, you may want to join us this year. we are planning a full weekend for the family as well as the driver.

To start with, the driving part of the event will basically be unchanged, so the drivers will want to join you for the holiday. Track times will be about the same. The same commitment to safety will not change and "fun" stands for everyone. Some new activities are under consideration to augment the weekend. Final plans will ultimately depend on your participation.

Swap meet. There will be a specially roped off area for those who are interested in participating in selling some of their not so treasured Porsche stuff. The swap spaces will be across the consession stand and will be assigned on a first come first serve basis. So sign up early and get the space of your choice. You don't have to register to drive to sell your stuff. For those who do not sign up early enough to get a space in the Paddock swap space, there is nothing wrong in setting up a table anywhere on the grounds. But I'm sure it will be more fun to be in with the swap group.

Commercial participation in the form of dealers, mechanics, and parts sources will be there with their fine automobiles. Meet new people who can repair your favorite Porsche, or buy a new one. You don't want to drive the track? Come anyway and picnic.

If your children bring their bikes and roller blades/skates, we'll have a timed rally for them. For kids under the age of ten, there will be a short rally and for those over ten a longer rally that will go all the way to the Carousel and back. This will not be a race.

A mini Road America race course will be laid out for Big wheels if we have enough interest. Radio Control car races for kids(those over 35 too) plus Super RC car demo by Tom Thumb Hobby/Crafts of Evanston. V i n y l wading pools will serve as a gathering place for mothers. We'll bring a baseball for a game in the south paddock area and we'll try to get a vollyball court set up for the teens and young adults. *DOOR /GATE PRIZES for kids offered by TomThumb six times a day.*

If you want to drive Road America but not while a bunch of hot shoes are on the track, there will be touring laps each day with no passing and a speed limit of 75mph.

Registration and tech inspection open at Siebkins at 4:00PM Friday. For those in Class A, I suggest that you tech on Friday night since your first session is at 8:30AM Saturday. There will be a drivers meeting on Friday at 8:00PM at Siebkins which is mandatory for instructors and novices. Novices will attend the Skip Barber instructions on Saturday morning. Any driver wanting to improve or learn more about driving is invited to attend. This is the best deal in high speed driving you'll ever find. Siebkins will open for breakfast at 6:00AM and they will hold a buffet dinner Saturday night (\$9.00)for those wishing to meet their friends in a more relaxed atmosphere and meet new people. Sign up by noon Saturday for the buffet. "We're looking for a good time Saturday night" for the whole family. Buffet for children five and under is free and ten and under is \$4.50.

ELKHART II GETTING THERE

ROAD AMERICA DRIVERS SCHOOL WITH FAMILY

The Labor Day and Memorial day weekends are the two full three day weekends of the summer and should really be spent with the whole family. Our two events have caused a lot of separate holidays because watching Porsches go round and round is agreeably boring. This is the primary reason we are putting so much effort into Elkhart II as a family holiday. If your wife and kids have been totally bored watching Porsches circulate Road America in the past, we'll have a pretty full weekend for them this time. If this weekend is well attended, you will probably see more full weekends in the future.

There are many ways to get your favorite performance automobile to the Road America. You may not want to take a can opener to your 911 or put a trailer hitch on your 944, but if you really want to spend the weekend with your family doing what you enjoy most, this is it. So when you plan for this drivers school, figure out ways to bring more than just your tool box and brake fluid. Plan with others (buddy system) who might be willing to drive the family sedan with all the other stuff and family members. There's absolutely nothing wrong with bringing up both cars with your wife driving the other car with the tools.. Or you can run over to the hardware store and pick up a couple 1 by 2's , four suction cups and two roof straps so you

can strap stuff on top of your car-or just buy a nice roof rack. If you have a friend who's taking up a trailer, you might be able to put a few things in his trailer so you can take a family member. There are ways, so put on your thinking cap and go for it.

If you're a typical Porsche fanatic, you surely have some Porsche stuff you want to swap for other Porsche stuff or just buy and sell. Bring a table or a blanket and put your stuff out. If you don't have anything, you'll want to just come and see what others have to offer. The swap meet should be outstanding.

As of July 15th, 25% of the driver slots were taken up-so hurry and register.

Remember, drivers school unchanged, *new*-swap meet, *new*-radio controlled car races, *new*-bike/roller blade-skate rally, *new* public tent with kids pools, *new*-kids door prizes, *new*-adult door prizes like radar detectors, *new*-participation by dealers, mechanics and parts sources and *new* -exotic cars displayed.

When you get to the Lake Forest Oasis plan to stop there near the hour or half hour so you can drive up with a caravan of Porsches. It's always a lot more fun driving up in a group.

This is an event for the whole club so if you don't want to drive, come anyway and enjoy these *new* -things with us.

PCA/CHICAGO REGION TECH INSPECTION SHEET

NAME _____ COLOR _____ CLASS _____
 MODEL/YEAR _____ ENG. DISP. _____ ENTRY NO. _____

Passed Failed

TO BE INSPECTED BY ENTRANT PRIOR TO EVENT:

- | | | | |
|-------|-------|-----|--|
| _____ | _____ | 1. | WINDSHIELD - No cracks. Functional wipers with good blades. |
| _____ | _____ | 2. | MIRRORS - At least one securely mounted rear view mirror. |
| _____ | _____ | 3. | BRAKE LIGHTS - Functional. |
| _____ | _____ | 4. | PEDALS - Free return & in good operating condition. Firm brake pedal. |
| _____ | _____ | 5. | SEAT BELTS - Original factory installation; or securely anchored metal-to-metal for both driver & passenger, large diameter washers on both sides of floor mounting holes, swivels have eyes welded closed; five point harnesses recommended. |
| _____ | _____ | 6. | ROLL BAR - All open cars except 914's, Targas, and cars in the Production class. |
| _____ | _____ | 7. | HELMET - 1985 SNELL or later required (sticker <u>must</u> be attached inside). |
| _____ | _____ | 8. | BRAKE FLUID - Level up, must show in reservoir. All cars must have their brake systems flushed with DOT 4 specification or better brake fluid 90 days or less preceding the high speed event. If another high speed event is run less than 90 days prior to this event, then the fluid must be flushed again before running. |
| _____ | _____ | 9. | BATTERY(IES) - Securely fastened & in good condition; no acid leaks or corrosion. Check fuel lines under battery trays on 914's. |
| _____ | _____ | 10. | DRIVE BELTS - Tight & in good condition. |
| _____ | _____ | 11. | THROTTLE RETURN - Freely operating & good springs. Check both throttle return springs on CIS cars. |
| _____ | _____ | 12. | LEAKS - No leaks of any fluid - oil, gas, brake, or coolant. |
| _____ | _____ | 13. | RUST - No rust or damage to suspension or chassis parts that affect the integrity of the chassis or brakes. |
| _____ | _____ | 14. | FRONT SUSPENSION - No excessive looseness in steering or suspension. Lower trailing arm to radius tight; axle & shock bolt tight. Ball joints in good condition. Tie rods secure. Axle boots & oil seals in good condition. |
| _____ | _____ | 15. | REAR SUSPENSION - Check half shaft bolts & shock bolts. 914's check fuel pump & lines. No positive camber. |
| _____ | _____ | 16. | WHEEL BEARINGS - Correct adjustment, check for proper lubrication, no damaged or burnt bearings. |
| _____ | _____ | 17. | ENGINE - Check for odd sounds and satisfactory exhaust. |
| _____ | _____ | 18. | BRAKES - Sufficient brake linings or pads. No cuts or abrasions in brake lines. Check rotor condition. Brake pad thickness will be checked periodically for 2mm minimum thickness throughout the high speed events. Make sure you start with ample brake pad material and/or bring an extra set of pads. It is recommended you start with fresh pads properly bedded in. |
| _____ | _____ | 19. | WHEELS - No cracks. No bends. All lug nuts torqued to 90-92 lbs. Valve stem must have airtight cap. Hubcaps removed. |
| _____ | _____ | 20. | TIRES - Good condition. No cracks or bulges. NR or better recommended. Factory recommended tire pressure or better. Minimum tread depth 3/32" on contact patch area (exceptions may be made for race tires or shaved performance tires at the discretion of the event organizers.) Spare removed or secured. |
| _____ | _____ | 21. | FIRE EXTINGUISHER - Recommended but not required. Securely anchored metal-to-metal in reach of driver. BC or ABC rated and fully charged. Halon recommended. |
| _____ | _____ | 22. | GAS CAP - Gasket intact & cap tightened. |
| _____ | _____ | 23. | LOOSE OBJECTS - Remove all loose items from trunk & interior, including glove compartment, door pockets, etc. |
| _____ | _____ | 24. | APPAREL - Full-length pants, long sleeved cotton shirts, cotton socks and full coverage shoes are mandatory. Fire resistant driving suits, gloves, and shoes are highly recommended. |

In consideration of my participation in this event, I have checked the above items and certify that they meet or exceed the requirements. I agree to indemnify and hold harmless the organizers of the event, or their agents, with respect to responsibility for the condition and preparation of my car, or any subsequent mechanical failures or resulting damage to my car or its occupants as a result of any such failures. I acknowledge that at all times I remain solely responsible for the safety and road worthiness of my car. I hereby certify that I have no physical or mental problems which could jeopardize myself or others if I participate in this event.

ALL OF THE ITEMS ON THIS TECH SHEET HAVE BEEN TESTED AND SERVICED AS DESCRIBED. THE TECH INSPECTOR'S SIGNATURE BELOW DOES NOT IMPLY COMPLIANCE WITH THE ABOVE AND IS ONLY AS WITNESS TO THE DRIVER'S SIGNATURE WHICH WARRANTS COMPLIANCE.

GALLAGHER'S LOOP AND COURTHOUSE RALLY

DATE: Sunday, September 22, 1991

TIME: Registration and Continental Breakfast 11:00 AM. First car off: 12:01 PM.
Cocktails 4:30 PM, Dinner 5:00 PM.

PLACE: Como Inn, 546 Milwaukee Avenue (corner of Ohio & Milwaukee), Chicago, Illinois

As you may be aware, attendance at club rallies has not been up to expectations. In an attempt to rectify this situation, we are presenting a 100% finishable rally with the major emphasis on fun that, hopefully, will appeal to those of you who have never rallied before, as well as to those who are serious, experienced veterans.

The rally will be run entirely in the Loop and the surrounding area with an average speed not to exceed 30 MPH. As of this writing there will be few, if any, speed changes. Entrants in vehicles other than a Porsche will still be eligible for trophies. All are still encouraged to drive a Porsche but if you plan to bring the kids, guests, or the weather is inclement, you can still take home the silver. There will be no equipped class in this rally. The fact that more than two people are in a vehicle will not make the participants ineligible for trophies.

Even though this is an extremely low key rally with no tricks, it will still be a TSD (time, speed, distance). You will receive a pick-up point at least once in every four instructions, so it will be impossible to get lost.

The start point and the finish point will be at the Como Inn located just north of the Loop. Continental breakfast will be served at 11:00 AM during which the general instructions for the rally will be passed out and explained. Dinner will be served in a private room at 5:00 PM. You may order anything on the menu, as well as several specials at a reduced price for the club.

If you haven't seen the "Magnificent Mile" or Maxwell Street, and you would like to take your family or friends to a fun day in the city, mark your calendar and come out and have a fun day!

REGISTRATION FORM - GALLAGHER'S LOOP & COURTHOUSE RALLY

Dear Dan:

I cannot wait to rally in the Loop! I understand that registration will be limited to the first two hundred entrants, so reserve me a spot!

REAR VIEW MIRROR

BRUNCH AT BACINO'S - A TASTE OF NAPERVILLE

Far from the madding crowd at a Taste of Chicago, Dan Bacin hosted 50 Chicago Region brunch bunch for a taste of some of the best Italian food in the Western suburbs.

With our diets forgotten, we started off with a fabulous antipasto platter (almost a meal in itself), followed by our choice of some very unusual entree creations. Those at our table enjoyed Pollo di Capellini (sauteed chicken with angel hair pasta), Fettucine ai Frutti (fettucine sauted with shrimp), and Ravioli Vincenzo (grilled shrimp with ravioli). The finale to all this was some truly decadent and CHOCOLATE desserts. In between some of the courses Dan visited our tables and gave us a sample of some of America's First Heart-Healthy Pizza, a Bacino's creation (recently reviewed in the Chicago Tribune), and a new dessert they plan to offer - CHOCOLATE pound cake with strawberry sauce. Mama Mia!

Although Bacino's rooftop cafe was not quite finished, we welcomed the opportunity to sit instead in air-conditioned comfort inside on a 90+ degree Sunday afternoon. But we do look forward to visiting that rooftop cafe on another (cooler) day. Thanks to Dan and Linda Bacin for such a great day!

HOT TIMES AT UTICA

By Ed Leed

Those of you who awoke to stormy weather and decided you didn't want your hot shoes to become wet shoes should have considered that Utica is over an hour west of here. The weather out there was absolutely gloriously sunny and more than a little hot. If anything was stormy at Utica, it was the competition on the .6 mile course created by the devilish minds of event chairmen Arnie Zann and Chris Ellis. About 40 drivers made the trip to enjoy the fun at this demanding go-kart track.

The women's classes were close all afternoon, with Debby Leed nipping at Marla Turek's challenge for Ladies FTD. Marla sure seems to be adjusting very well to her new Carrera 2 and was awarded a first place trophy for her efforts. The only other ladies class winner was Linda Gutmann who managed to drive her 930 Turbo very quickly.

The men's classes were populated by 911s, 944s and one lonely 914. All the 356s were at home appreciating. For the second year in a row, Jim Becker set FTD with a blistering 62.04, over 2 seconds faster than his nearest competitor, Dan Davis. Dan, who earlier had thrilled the tens of thousands in the crowd with the most spectacular spin of the day, won his class. Among the 944s, new shoe Jeff Girard beat old shoe Lee Lichtenstein to win his class. Jeff was also faster than his mom, Kathy McKenna, who showed up with her own 944 to make Jeff behave himself. Kathy was third in her first event, so it probably won't be long before we will see mother and son FTDs. Other class winners were Jerry Quebe and Bob White.

My cap is off to Arnie and Chris for their excellent choice in trophies. The trophies for this event were just as perfect as last year, especially if you won at Utica last year and again this year. Last year's trophy was a neon green cap with special artwork by our very own Jackie Raucci. This year the caps were neon red, which completes my ensemble and goes with my blue blazer much better.

Thanks, Arnie and Chris, for another great, well organized Utica event. Thanks also to John O'Keefe and Lee Lichtenstein who hauled the timing equipment to Utica on Saturday and camped out there so that they could have all the timing gear working properly by the time the rest of us arrived for the event. Thanks to Debby Leed for handling registration at the event, to Bowe and Elizabeth Ellis and Andy Zann who handled timing, and to Glenn Sapa and Jeff Girard for teching all the cars.

MORE FUN AT BLACKHAWK II

Photos by John Bohlander

BEHIND THE SCENES

As I write this, most of you are up having fun at the Vintage Races at Elkhart. I feel just like Cinderella left at home with only my computer for company. Oh well, my turn will come...soon! Next weekend I'm off to Parade for a non-stop, fun-filled week with all my PCA friends. Time to wrap up the *Scene* and pack all the Porsche attire I've managed to acquire over the last three years.

See you at Potter's and Elkhart.

Doris

GALLAGHER STRIKES AGAIN!

Congratulations to Dan Gallagher whose Mercedes 300SL took first in class at this year's Chicago International Concours d'Elegance at Joe Marchetti's Montefiori estate. Last year Gallagher won first in class with his famous 1959 356 Convertible D.

My spies report that Dan (never one at a loss for words) brought the crowd to their feet in the only standing ovation of the day when he gave his acceptance speech!

Way to go, Dan!

ICE'S VANILLA PORSCHE CREAMS RIVAL

Not to be outdone by rap rival M.C. Hammer, Vanilla Ice went out and bought a \$300,000 Porsche. But the custom-built convertible needs a paint job, from pearl blue to...yes, vanilla.

John Reaves, owner of Precision Imports in Tulsa, Oklahoma, said the car is one of four Porsches whose bodywork and design were crafted by Uwe Gemballa, Europe's premier designer of exotic cars.

"The only other entertainer purported to have a Gemballa-built car is M.C. Hammer," Reaves said. "And they are archenemies. but M.C. Hammer has, of the Gemballas, what you would consider the peewee model. He's got the starter kit."

Additional modifications to Ice's Porsche included installation of a 1,600-watt stereo system and engine work that increased its size to 500 horsepower. The

stereo controls are on the steering wheel and work by infared beams.

"It is one of the most expensive Porsches ever built," Reaves said.

"Ice will pay \$20,000 to have the car painted to blend with his personal color scheme," Reaves said. - *Associated Press*

ZONE 4 WINS BID FOR '93 PARADE

Congratulations to Ohio Valley Region who successfully won the bid for the 1993 Parade. The 38th Annual Parade will be held in Cincinnati, July 4th thru 10th, 1993, with Steve Southard as Chairman.

Barrington, IL. 60010

Dear Mrs. Leed,

Monies from the Sally Potter School Donation Fund were expended this school year for toy, supplies, therapy equipment, computers and software, educational resource materials, reinforcers, playground equipment, incentives, and reference books. The distribution of expenditures across classes and disciplines follows:

THERAPY EQUIPMENT	\$1,355.57
HANDICAP ACCESSIBLE PLAYGROUND EQUIPMENT	\$1,000.00
EARLY CHILDHOOD	\$ 769.94
PRIMARY	\$ 383.95
INTERMEDIATE	\$ 187.96
JUNIOR HIGH	\$ 404.87
ADAPTED P.E.	\$ 615.99
SPEECH/LANGUAGE	\$ 494.20
PSYCH/SOCIAL WORK	\$ 102.24
COMPUTERS	\$ 423.03
NURSING	\$ 34.00
SWIM PROGRAM	\$ 87.77
	\$5,859.52

Over the years the generous donations we receive have helped to supplement program and student needs. Thank you again for your support.

Sincerely,

Marjorie Ureche

Personal One-On-One Service

(708)690-4487

23W755 North Avenue, Carol Stream, IL 60188

Does your driveway look like a used car lot?

Is your toy, the one that you drive on perfect days only, resting in a cozy garage while your daily transportation is outside gathering snow?

As the exclusive dealer for CAR-LIFT, manufactured by HARDING-AFG, INC. we have the solution to your problems.

If you have 9 feet ceiling clearance in your garage we can install the CAR-LIFT, to handle two standard size cars, without any modifications. If you don't have the necessary clearance, we can modify your garage ceiling height without major structural changes to your garage. Your total cost, including the CAR-LIFT, will be much lower than expanding your existing garage.

The CAR-LIFT, complete and installed (including shipping), less garage modifications, is only \$5450.00 plus tax.

HARDING-AFG CAR-LIFT has the exclusive feature that allows us to stack two cars totaling in height more than the ceiling height. All CAR-LIFT's are of galvanized steel construction to meet outdoor installation requirements as well as providing "Road Salt" drip resistance.

NO FOUNDATION OR FLOOR PREPARATION REQUIRED.

We can do a simple 3 hour installation or a custom installation to fit your needs. The HARDING-AFG CAR-LIFT is a heavy duty system constructed to meet specifications required for commercial use, but designed to fit residential requirements in size and appearance. There are 17,000 installations worldwide. HARDING-AFG is in its 21st year manufacturing car stacking systems.

CIRCLE AFFILIATED SYSTEMS is the exclusive dealer in your area. Please call us at 1-800-447-7410 or return the attached form for additional information.
