

DECEMBER - 1964

STATEVILLE TOUR-- Some eighty odd (nothing personal) individuals took advantage of this opportunity to see our state's model prison. The group was honored by an appearance by former Warden, Joseph E. Ragen, now Director of Public Safety for the State of Illinois. We were also privileged to be accompanied on our tour by the present Warden, Frank J. Pate.

The extensive 2-hour tour gave us a good insight into the rehabilitation opportunities available to the inmates, learning such trades as baking, tailoring, furniture manufacturing, metal working, mechanics, and barbering (exams are given in the prison by the state), just to mention a few. It is even possible to obtain a high school diploma while in prison. These programs enable an individual to return to society with a much better chance to earn an honest living, and perhaps someday even to buy himself a Porsche.

The day was climaxed by cocktails and an enjoyable dinner at the White Fence Farm. The club expresses its appreciation to Fran and Helen for arranging this unusual and extremely interesting day.

In closing, these lines from the pen of the immortal bard:

Whenever a mortal falls in sin,
Tears fall from angels' eyes.
And that is why at times there fall
Bright stars from out the skies.

ANOTHER LANDSLIDE-- The ballots have been tallied and following are the names and addresses of your officers for 1965:
