

OCTOBER - 1964

POOR MAN'S TREFFEN-- We spent the better part of the day at the Saddle & Cycle Concours, where we encountered fellow PCAers, Clarke & Ruth Cooper, Howard & Dottie Quick, and Hal Cowen, hard at work on this event for the benefit of the Travelers Aid Society. Leaving Chicago at 4 PM, we arrived at Glidden Lodge at 9 PM to find festivities in full swing -- a gal's barbershop quartet from Algoma, accompanied by some familiar off-key voices; frenzied ping-pong games in an adjoining room; twisting and the Charleston; and a brisk business at the bar where cocktails and high balls were going at reduced prices. The Milwaukee track stars were warming up for thier duel on the grid the following day (one by downing high balls and the other by sprinting up and down the asphalt drive outside with the wife of his opponnet). The match was called because a man hole cover tipped, sending the practicing member sprawling with a badly roughed up knee (convenient, huh?)

Following a Sunday morning breakfast reminiscent of Siebkens, several of the group followed our leader to the northwestern tip of the peninsula to a retreat called The Clearings, operated by the Wisconsin Farm Bureau. From there we each selected our own route back to the lodge where the Gymkhana was conducted. The Gymkhana consisted of the driver and navigator traveling a prescribed course against the clock. At one point the navigator had to get out of the car and pick up a balloon which had to be inflated and tied by completion of the run; and at another point the navigator had to get out and fill a paper cup, with a magnet attached to the bottom, with water, which had to be borne to the finish line on the hood of the car. In addition to time consumed, points were given for the blown up balloon and 1 point for each cc of water left in the cup.

There were 22 cars from Chicago, 4 from Milwaukee and 1 from the Indiana Regions. Following are the results of the events.

PORSCHE INTERNATIONAL CAROUSEL-- PCAers from several regions converged on Toronto for this week-end of fun-- from our immediate area the Cotters, Gummows, Wolfgang Kluge and Willwerths, Chicago; Glen & Lucille Harcus, Milwaukee; and Mike Robbins and Georgeanna Tutrow, Indianapolis. Glen & Lucille really looted the store by bringing home 7 trophies. The Cotters would probably have shared some of the loot had they not bent a valve on the hill climb (this hill defies description). The activities of the week-end consisted of a Punch Party (not to be confused with the one at the 9th Parade); a Hill Climb; a visit to a poetry session at a coffee house; and an Autocross and Regularity Run at the Harewood race circuit. These events were planned and executed by Heather and Gerd Schwarzkopf. Many of you met this energetic couple at the 9th Parade. A good time was had by all.
